AIMS AFFECT CLASSIFICATION PARITIES

It is important that you have your AIMS up to date for accuracy of Classification parities.

Please note that the classifier in some instances may need to change parity on the hand held to classify your animal.

HOWEVER THIS CHANGE IS NOT A PERMANENT RECORD. THE DAFM SYSTEM WILL ONLY ACCEPT YOU THE BREEDER, TO RECORD THE ANIMAL PARITIES ON THE AIMS SYSTEM.

SENDING IN DRY OFF DATES IS CRITICAL FOR ACCURATE MILK RECORDING DATA AND GENERATION OF YOUR ANNUAL HERD REPORT

In relation to classification of your herd 2020, please note the following:

Where an animal has been sold, the classification will appear under the Current Herd Owner
